

MOCA SYSTEMS INC. COPYRIGHT POLICY

MOCA Systems Inc. ("MOCA") owns and operates the website: <http://www.touchplan.io> ("Site"). The Site, the services available at the Site, any mobile applications that are made available by MOCA (if any) ("Mobile Apps"), and all updates, modifications, enhancements and improvements to any of the foregoing are collectively referred to as the "Services".

MOCA has adopted the following policy ("Copyright Policy") toward copyright infringement with respect to the Services in accordance with the Digital Millennium Copyright Act (Pub. L. No. 105-304, 112 Stat. 2860 (Oct. 28, 1998)), a summary of which that was prepared by the U.S. Copyright Office is located at <http://www.copyright.gov/legislation/dmca.pdf>.

The address of MOCA's Designated Agent to Receive Notification of Claimed Infringement (the "Designated Agent") is listed at the end of this Copyright Policy.

MOCA will (1) disable access to or remove material that it believes in good faith to be copyrighted material that has been illegally copied and distributed by any user; and (2) terminate the account and access to the Services of any repeat offender. This policy applies to all aspects of the Services.

Reporting Copyright Infringements.

If you believe that material or content residing or accessible on the Services infringes a copyright, please send a notice of copyright infringement containing the following information to the Designated Agent:

1. Identification of the specific aspect of the Services to which the notice pertains.
2. Identification of the work or material being infringed.
3. Identification of the material that is claimed to be infringing, including its location, with sufficient detail so that MOCA is capable of finding and verifying its existence.
4. Contact information about the notifying party (the "Notifying Party"), including name, address, telephone number and e-mail address.
5. A statement that the Notifying Party has a good faith belief that the material is not authorized by the copyright owner, its agent or law.
6. A statement made under penalty of perjury that the information provided in the notice is accurate and that the Notifying Party is authorized to make the complaint on behalf of the copyright owner.
7. The Notifying Party's physical or electronic signature.

Responding to Complaints.

After notification of an alleged infringement is received by the Designated Agent:

1. MOCA will remove or disable access to the allegedly infringing material.
2. MOCA will then immediately notify the user responsible for the allegedly infringing material (the "Offending User") that it has removed or disabled access to the material.
3. If the Offending User is a repeat offender, MOCA will immediately terminate such user's account and access to the Services in addition to removing the infringing material.

Right to Dispute.

If the Offending User disputes the claim of infringement, the Offending User may send a counter-notice containing the following information to the Designated Agent:

1. Identification of the material that has been removed or to which access has been disabled and the location at which the material appeared before it was removed or disabled.
2. A statement that the Offending User has a good faith belief that the material was removed or disabled as a result of mistake or a misidentification of the material.

3. The Offending User's contact information, including name, address, telephone number and e-mail address.
4. A statement that the Offending User consents to the jurisdiction of the Federal Court for the judicial district in which the Offending User's address is located, or if the Offending User's address is located outside the United States, for any judicial district in which MOCA is located, and that the Offending User will accept service of process from the Notifying Party.
5. The Offending User's physical or electronic signature.

If such counter-notice is received by the Designated Agent, MOCA will send a copy of the counter-notice to the Notifying Party informing them that MOCA may replace or restore access to the material in question. Unless the copyright owner thereafter files an action seeking a court order against the Offending User, and MOCA has actual knowledge of such filing, then the material will be replaced or access to it restored in 10 to 14 business days after receipt of the Offending User's counter-notice.

Designated Agent to Receive Notification of Claimed Infringement.
